

Public Notice**ENVIRONMENTAL IMPACT STUDY
AND REVIEW PROCEDURE****PUBLIC INFORMATION PERIOD ON THE DES CULTURES
WIND FARM PROJECT IN SAINT-RÉMI AND SAINT-MICHEL
BY DES CULTURES RENEWABLE ENERGY L.P.**

The Des Cultures Wind Farm Project involves the construction of a wind farm comprising six wind turbines for a total installed capacity of 24 MW. The wind farm is located south of the St. Lawrence River and covers a portion of the territory of the Jardins-de-Napierville RCM, in the Montérégie administrative region. All project components (wind turbines, access roads, collector system and electrical substation) are located within the municipalities of Saint-Rémi and Saint-Michel.

This notice is published to inform the public that the project's environmental impact study has been deemed to be admissible by the *Ministère de l'Environnement et de la Lutte contre les changements climatiques* (MELCC) and that the period for public information on the project will begin on June 18, 2019.

Any person, group or municipality may send a written request to the Minister to hold a public consultation or mediation during the public information period, with respect to the project. The request must be made no later than July 18, 2019.
